Letter of Recommendation for Katie Andersen

To Whom it May Concern:

I have known Katie Andersen through her work in the UCLA College Counseling Certificate Program. Ms. Andersen was a student in the *College Admission Process*, a required course in the program. A part of this program is an internship, and I would enthusiastically recommend Ms. Andersen for this experience.

Ms. Andersen was an outstanding student in the class. She possesses a strong facility with language and helped to create a community of learners in the class with her high level of discourse, attention to detail, and ability to listen and participate. It was clear that she came from a strong background in college admissions as she works as an interviewer for Duke University, where she was a member of their first Women's Soccer Team.

I particularly remember Katie's exemplary participation during our Final Exam Case Studies exercise in which the class participated in a mock admissions exercise. Typically, I spend considerable time discussing NCAA requirements and regulations, as one of the admissions candidates is a student-athlete. However, Katie's experience and knowledge regarding athletes and college admissions far exceeded anything I could offer, and she did a wonderful job in sharing her expertise and experience with the class.

Katie is highly organized, concerned, and aware of the issues impacting the college counseling profession. I recommend her with great enthusiasm.

Sincerely,

Dr Esther Hugo
